Supply Chain & Logistics Professional with 4+ years of experience in supply chain operations, logistics management, shipment operations, and international order fulfillment. Specialized in order processing, logistics coordination, process optimization, and maintaining accurate records of materials and products while ensuring compliance with safety standards.

Professional Experience

Supply Chain Operations Specialist

[Choose 2 Rent](#)

December 2024 - Present

Hamburg, Germany

- **Lead end-to-end international supply chain activities across the EU, UK, and USA**, overseeing inbound transportation, outbound distribution, inventory flow, and customer order execution.
- **Serve as the primary customer-facing contact throughout the order lifecycle within HubSpot CRM**, resolving 50+ weekly inquiries related to IT equipment orders, shipment escalations, pricing, and delivery timelines.
- **Oversee inventory management for 2,000+ SKUs** using advanced tracking, reporting, and stock-control workflows to maintain high inventory accuracy and product availability.
- **Monitor transportation KPIs, shipment performance, and operational dashboards** to identify delivery bottlenecks, mitigate risks, and improve fulfillment efficiency across international markets.
- **Reduced inbound collection booking lead times by 20%** through strategic carrier management and coordination with FedEx, UPS, and international courier partners.
- **Manage international shipping and trade compliance documentation** including VAT calculations, commercial invoices, packing lists, and customs documentation in line with EU regulations.
- **Partner cross-functionally with Sales, Finance, Warehouse, and Operations teams** to ensure smooth quotation handling, order processing, invoicing, and customer delivery execution.

Fulfilment Operations Lead

[Knuspr.de](#)

December 2023 - November 2024

Frankfurt, Germany

- **Led warehouse and fulfillment operations for a team of 70+ employees across multiple shifts**, managing workforce planning, resource allocation, and daily throughput of 1,000+ customer orders.
- **Oversaw end-to-end order fulfillment workflows using Slotmaster OMS**, ensuring accurate picking, packing, dispatch, and last-mile delivery execution within defined delivery windows.
- **Managed inventory availability and warehouse performance across 2,000+ SKUs** using Autostore robotics systems.
- **Conducted HACCP-compliant quality assurance checks** across fresh, chilled, and frozen product categories.
- **Monitored operational KPIs, fulfillment throughput, and delivery performance metrics** to identify process bottlenecks, improve workflow efficiency, and maintain high operational accuracy.
- **Served as the primary escalation point** for operational incidents, staffing coordination, and issue resolution.
- **Collaborated closely with Operations, Delivery, and Fulfillment teams** to improve workforce coordination, process execution, and overall customer delivery performance.

Ocean Freight Analyst - Intern

[Container X Change](#)

February 2023 - November 2023

Hamburg, Germany

- **Coordinated 150+ international ocean freight bookings** across Europe, the Middle East, and Asia.
- **Managed end-to-end freight coordination activities** including carrier communication, booking confirmations, sailing schedules, shipment tracking, and documentation workflows.
- **Improved supplier and freight data accuracy to 100%** through structured validation of freight rates, service agreements, transit schedules, and operational records.
- **Analyzed freight performance metrics, logistics datasets, and shipment KPIs** to identify operational bottlenecks, improve shipment visibility, and support process optimization initiatives.
- **Collaborated cross-functionally** with Sales, Finance, Product Management, and Operations teams.

Pricing Analyst

Shop Apotheke Europe

January 2022 - February 2023

Cologne, Germany

- **Managed pricing operations and commercial support activities across European business units**, resolving 100+ monthly pricing queries, discount approvals, and escalations for Account Management and Customer Care teams.
- **Maintained and optimized pricing master data across ERP systems and Pricefx platforms** for 2,000+ products and orders, improving pricing accuracy, data consistency, and operational reliability.
- **Developed Power BI dashboards and KPI reporting tools** to monitor pricing performance, sales trends, margin analysis, and operational metrics across 3+ EU business units.

Procurement Operations Specialist

GEP Worldwide

September 2019 - December 2020

Mumbai, India

- **Managed procurement operations and SAP ERP purchase order workflows** across 2+ North American manufacturing plants, supporting supplier coordination, purchasing activities, and supply continuity.
- **Maintained and validated vendor master data across SAP ERP and procurement systems**, ensuring procurement accuracy, supplier compliance, and operational data integrity.
- **Negotiated supplier terms and monitored vendor performance through GEP Smart**, contributing to a 10% reduction in unit costs while improving supplier delivery visibility and procurement efficiency.
- **Coordinated closely with suppliers, 3PL providers, and internal procurement teams** to resolve pricing, quantity, and delivery discrepancies across Procure-to-Pay (P2P) workflows and international supply operations.
- **Monitored shipment timelines, supplier performance, and procurement KPIs** to support on-time delivery commitments, operational continuity, and efficient procurement execution.
